

STANDING ROCK SIOUX TRIBE
PUBLIC SERVICE ANNOUNCEMENT
FROM LIHEAP-LOW INCOME HOME ENERGY
ASSISTANCE PROGRAM AND STANDING
ROCK HOUSING AUTHORITY.

Applying plastic to the windows in your home will help to retain heat during the winter season. The plastic will trap heat inside and prevent cold drafts from coming in. This method will save you money on your utilities.

SSRead more: [How to Apply Plastic to Windows for the Winter | eHow.com](http://www.ehow.com/how_7711486_apply-plastic-windows-winter.html#ixzz1fP80mHCf)
